To advance Executive Order 13929 Safe Policing for Safe Communities, the Attorney General determined that all state, local, and university or college law enforcement agencies must be certified by an approved independent credentialing body or have started the certification process to be eligible for FY 2022 DOJ discretionary grant funding. To become certified, the law enforcement agency must meet two mandatory conditions: (1) the agency’s use-of-force policies adhere to all applicable federal, state, and local laws; and (2) the agency’s use-of-force policies prohibit chokeholds except in situations where use of deadly force is allowed by law. The certification requirement also applies to law enforcement agencies receiving DOJ discretionary grant funding through a subaward. For detailed information on this certification requirement, please visit <https://cops.usdoj.gov/SafePolicingEO> to access the Standards for Certification on Safe Policing for Safe Communities, the Implementation Fact Sheet, and the List of Designated Independent Credentialing Bodies.

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

OVC will consider applications under which two or more entities would carry out the federal award; however, only one entity may be the applicant. Any others must be proposed as subrecipients (subgrantees). For additional information on subawards, see the [OJP Grant Application Resource Guide](#).

Entities should apply to the relevant Purpose Area(s) based on proposed projects. OVC will not make multiple awards to entities proposing to serve the same geographic area/population under more than one Purpose Area. However, national or regional entities with multiple program locations may receive multiple awards under one or more Purpose Areas for proposed projects with distinct programmatic locations.

OVC may elect to fund applications submitted under this FY 2022 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

To enhance capacity to identify, assist, and provide services to all victims of human trafficking, OVC leads the nation in supporting victim-centered and trauma-informed programs, policies, and resources that promote justice, access, and empowerment.

This program will provide funding for services to victims of human trafficking, as defined by 22 U.S.C. § 7102(11).

Statutory Authority

Justice for Victims of Trafficking Act of 2015 (18 U.S.C. § 3014(h)(2)) and the Trafficking Victims Protection Act (TVPA) of 2000 (22 U.S.C. § 7105(b)(2))

Specific Information

The purpose of this program is to develop, expand, or strengthen victim service programs for victims of human trafficking.

Applicants are invited to apply under the following three purpose areas:

Purpose Area 1: Developing Capacity to Serve Human Trafficking Victims

The purpose of these awards is to support (1) victim services organizations that have limited or no prior experience in serving victims of human trafficking and/or (2) victim service organizations that have limited or no prior experience in receiving direct federal funding to serve victims of human trafficking. During the first 12 months of the project period, grantees will work with designated OVC human trafficking training and technical assistance providers (the Human Trafficking Collective and others as needed) to build internal capacity to serve trafficking survivors and manage federal awards. Grantees will hire staff who have experience providing services to human trafficking victims or train existing staff to address identified skill or knowledge deficits. During the next 24 months of the program, grantees will implement services for human trafficking victims. See Appendix A for types of services that OVC funds.

Purpose Area 2: Enhancing Access to Comprehensive Services for Human Trafficking Victims

Under Purpose Area 2, awards will be made to victim service organizations with a demonstrated history of serving human trafficking victims with a comprehensive range of direct services. The purpose of these awards is to enhance victims' access to the diverse services that victims of labor and sex trafficking often require to address their needs. See Appendix A for types of services OVC funds. Applicants funded under this Purpose Area are expected to use OVC funding to support at least three distinct types of services to victims of human trafficking, either directly or with funded subrecipients. Grantees will be expected to have or develop partnerships to facilitate victims' access to a broad range of services in their community. Appendix A may also be used as a reference for the types of services that grantees should be able to provide through the funded program or refer clients to, either in-house or through project partners and other community-based programs.

Purpose Area 3: Specialized Services for Human Trafficking Victims

Under Purpose Area 3, awards will be made to victim service organizations with a demonstrated history of providing a specialized service beyond case management to victims of human trafficking. The goal is to increase the quality and quantity of the identified specialized service to assist victims of all forms of human trafficking. The majority of OVC funding under this Purpose Area is to be used to support the delivery of a specialized service (such as legal services, behavioral health services, or employment and economic empowerment services), although some funds can support accompanying case management. See Appendix A for the types of services that OVC funds. **Note that proposing specialized services for shelter/housing is not allowable under this Purpose Area. Entities interested in providing specialized housing services should apply under OVC's FY 2022 Housing Assistance Grants for Victims of Human Trafficking solicitation.**

Note for All Purpose Areas: All entities that have received human trafficking grants from OVC in FY 2020 or FY 2021 must describe how the newly proposed project would differ from, or expand, the existing funded project(s) to be considered for funding in FY 2022. For example, applicants could focus on a new geographic area or provide a new service to meet the needs of victims of sex and labor trafficking.

Additionally, while applicants may apply for an amount up to the maximum level of funding allowed under each Purpose Area, they should demonstrate sustained rates of victims served or service expenses that merit this level of funding, or request a lower level of funding.

Mandatory Program Requirements

Applicants that receive funding under this program will be required to:

1. Submit the policies, procedures, and rules governing the provision of services for review and approval (post-award).
2. Ensure their policies and procedures follow applicable federal and state laws protecting the civil rights of program participants and staff (post-award).
3. Ensure that any staff, partner staff, or service providers working with trafficking victims are adequately licensed and trained to work with such victims, including by accessing OVC-supported training and technical assistance.
4. Send the project coordinator or program director and one other key staff member to a virtual or in-person OVC grantee orientation and have relevant staff participate in OVC-sponsored training and technical assistance.
5. Provide all grant-funded staff at least one session of training (to be delivered by individuals or organizations with demonstrable expertise) related to diversity, equity, inclusion, and/or accessibility and tied to program goals and objectives annually.

Ensuring Civil Rights

Federal laws prohibit recipients of funding administered by the OJP from discriminating in the delivery of services on the basis of age, race, color, national origin, religion, or disability. Applicable federal laws also prohibit recipients from discriminating on the basis of disability in their employment practices, and from discriminating against employees and beneficiaries on the basis of sex in funded education or training programs. Recipients are also obligated under federal civil rights laws to provide meaningful access to their programs and activities for persons with [limited English proficiency](#). Under certain circumstances, it might be permissible to limit services based upon age. Please note that other federal, state, or local laws prohibiting discrimination may apply.

Enhancing Access to Services and Promoting Survivor Autonomy

OVC is committed to an approach to human trafficking that is trauma-informed, victim-centered, survivor-informed, culturally competent; and evidence-based. Definitions of these concepts are available in the glossary of OVC's [Model Standards for Serving Victims and Survivors of Crime](#).

In line with these concepts and to enhance survivors' access to victim services, programs funded under this solicitation will engage in practices that remove barriers to receiving services and support survivor autonomy. Such practices will reduce requirements to engage in services, promote survivors' choice within service delivery, and protect victim privacy and confidentiality.

Funded programs will demonstrate their commitment to this approach by maintaining the following. (Note: Many of these requirements are mandated by federal civil rights laws, while others reflect OVC's policy direction to recipients to enhance access to services and promote survivor autonomy.)

- Procedures or policies that provide all survivors access to safe shelter, advocacy services, counseling, and other assistance without exclusions based on actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, involvement in commercial sex, income or lack of income, or the age and/or sex of their children. For those programs that by their design target a particular population (e.g., youth, gender specific) there should be procedures or policies in place to ensure access to comparable, qualified services for other survivors seeking support.
 - Procedures or policies that protect the confidentiality of information and/or privacy of persons receiving services.
 - Procedures or policies that do not require victims to take certain actions (e.g., receive counseling, report to law enforcement, commit to sobriety) to be eligible for, or to receive services. For youth-serving programs with justifiable mandatory requirements, a [shared decision making model](#) should be used to provide minors with agency in determining a course of action.
- Project designs, products, services, and/or budgets that consider the unique needs of individuals

with disabilities, with limited English proficiency, or who are Deaf or hard of hearing, including accessibility for such individuals.

Unallowable Costs

The following activities cannot be supported with grant funds.

Holding Beds: Grantees may not “hold beds” in a housing facility by charging their cost to the grant and keeping them empty until a victim needs the bed, when other victims need access to the beds, as this would be considered an unallowable contingency payment (see C.F.R. 200.433 (c)).

Stipends/Incentives to Participate in Services: Neither cash nor non-cash stipends or incentives may be paid to victims to encourage their participation in services. Nominal cash or non-cash stipends (e.g., taxi or ride share vouchers; public transportation tickets or tokens; money to pay for childcare; or gift cards for meals that are necessary when participants receive services) are allowable.

Primary Prevention Activities: Per 22 U.S.C. § 7105(b)(2), the purpose of this funding is to support victim service programs: therefore, applicants should not propose primary prevention activities under this program.

Limitation on Use of Funds (22 USC 7110(g)) The following statutory language applies to all awards under this solicitation:

1. Restriction on programs

No funds made available to carry out this chapter, or any amendment made by this chapter, may be used to promote, support, or advocate the legalization or practice of prostitution. Nothing in the preceding sentence shall be construed to preclude assistance designed to promote the purposes of this Act by ameliorating the suffering of, or health risks to, victims while they are being trafficked or after they are out of the situation that resulted from such victims being trafficked.

1. Restriction on organizations

No funds made available to carry out this chapter, or any amendment made by this chapter, may be used to implement any program that targets victims of severe forms of trafficking in persons described in section 7102(9) (A) of this title through any organization that has not stated in either a grant application, a grant agreement, or both, that it does not promote, support, or advocate the legalization or practice of prostitution. The preceding sentence shall not apply to organizations that provide services to individuals solely after they are no longer engaged in activities that resulted from such victims being trafficked.

Pursuant to the statute above, OVC requires grantees under this program to agree to the following grant condition:

Recipient certifies that it does not promote, support, or advocate the legalization or practice of prostitution, nor will it use grant funds or program match funds to promote, support, or advocate the legalization or practice of prostitution.

Goals, Objectives, Deliverables, and Timeline

Goals

The goal of this program is to develop, expand, or strengthen victim service programs for victims of human trafficking, including those that provide trauma-informed services.

Objectives

The objective in providing these services is to achieve increased safety, independence, self-sufficiency, and well-

being for victims of human trafficking.

Objectives include:

1. Provision of services to meet the individualized needs of victims of human trafficking.
2. Collaboration with and training for local partners (service providers, criminal justice professionals, members of the judiciary, community and faith-based organizations, etc.) to ensure trafficking victims are properly identified and referred for appropriate services.
3. Assistance or referrals to other essential services for victims of human trafficking.
4. Data collection and participation in evaluation activities to determine if the program is meeting stated goals and objectives.

Deliverables

The deliverable to be provided is services, measured by types of service, number of new and continuing victims served, and other key data points.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

OJP Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

Consistent with this Executive Order, the term "underserved community" refers to a population sharing a particular characteristic, as well as a geographic community, that has been systematically denied a full opportunity to participate in aspects of economic, social, and civic life or whose members have been historically underserved, marginalized, and adversely affected by inequality. Such communities include, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and Pacific Islanders.

In support of Executive Order 13985, OJP will:

A. Give priority consideration to applications that include project(s) that will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, when making award decisions.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential inequities and barriers to equal opportunity, and/or contribute to greater access to services for underserved and historically marginalized populations.

B. Give priority consideration to applicants that can demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because the applicant (or at least one proposed subrecipient that will receive at least 30% of the requested award funding, as demonstrated in the Budget Worksheet and Budget Narrative) identifies as a culturally specific organization. To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project (s) and should also specify which culturally specific populations are intended or expected to be served or to

have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas is not a guarantee of an award.

Continuation Funding Intent

OVC may, in certain cases, provide additional funding in future years to awards made under this solicitation, through continuation awards. OJP will consider, among other factors, OJP’s strategic priorities, a recipient’s overall management of the award, and the award-funded work’s progress, when making continuation award decisions.

Availability of Funds

This solicitation, and awards (if any are made) under this solicitation, are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or

procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Types of Awards

OVC expects to make awards under this solicitation as grants. See the “Administrative, National Policy, and Other Legal Requirements” section of the [OJP Grant Application Resource Guide](#) for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [OJP Grant Application Resource Guide](#) for additional information.

Cost Sharing or Matching Requirement

Pursuant to 22 U.S.C. § 7105(b)(2), awards under this solicitation are required to include a 25 percent **cash or in-kind match**. Federal funds awarded under this solicitation may not cover more than 75 percent of the total costs of the project being funded. An applicant must identify the source of the 25 percent non-federal portion of the total project costs and how it will use match funds. If a successful applicant’s proposed match exceeds the required match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit. (“Match” funds may be used only for purposes that would be allowable for the federal funds.) Recipients must satisfy this match requirement with cash or in-kind match. The formula for calculating match is:

$$\frac{\text{Federal Award Amount}}{\text{Federal Share Percentage}} = \text{Adjusted (Total) Project Costs}$$

Federal Share Percentage

$$\text{Required Recipient’s Share Percentage} \times \text{Adjusted Project Cost} = \text{Required Match}$$

Example: 75%/25% match requirement: for a federal award amount of \$350,000, calculate match as follows:

$$\frac{\$350,000}{75\%} = \$466,667 \quad 25\% \times \$466,667 = \$116,667 \text{ match}$$

See the [OJP Grant Application Resource Guide](#) for additional information on this match requirement. For step-by-step instructions for entering match amounts in the budget, see the [Budget Summary Match Guide](#).

Pre-agreement Costs (also known as Pre-award Costs)

See the [OJP Grant Application Resource Guide](#) information on Pre-agreement Costs (also known as Pre-award Costs).

Limitation on Use of Award Funds for Employee Compensation: Waiver

See the [OJP Grant Application Resource Guide](#) information on the Limitation on Use of Award Funds for Employee Compensation; Waiver.

Standard Applicant Information (JustGrants 424 and General Agency Information)

The Standard Applicant Information section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Proposal Abstract

A proposal abstract (no more than 400 words) summarizing the proposed project, including the purpose of the project, primary activities, expected outcomes, the state and geographical service area, intended beneficiaries and subrecipients (if known), will be completed in the JustGrants web-based form. This abstract should be written in the third person and will be made publicly available on the OJP website if the project is awarded. If you are requesting priority consideration, please indicate the priority area (A and/or B) you are applying under.

Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 20 pages. Pages should be numbered and submitted as an attachment. If the proposal narrative fails to comply with these length restrictions, OVC may consider such noncompliance in peer review and in final award decisions.

The following sections must be included as part of the proposal narrative:

- a. Statement of the Problem

This section must:

1. Identify the nature and scope of the problem that the program will address. Applicants must demonstrate the problem of human trafficking within the targeted geographic area. Applicants should cite the source(s) of this data, which could include local, state, and federal data regarding investigations, prosecutions, and the number of individuals identified as victims of human trafficking in the proposed geographic area and data from victim service providers or other local stakeholders. Data should come from multiple sources and extend beyond national hotline data.
2. Describe previous or current attempts to address the problem, including documentation of the number of trafficking victims served each year during 2020 and 2021 within the targeted geographic area. At a minimum, applicants must identify the total number of victims they previously served within the targeted geographic area, and the types of victims they have served (sex or labor trafficking victims). Applicants must cite the source(s) of this data.
3. Describe the communities to be served, including the geographic area, populations in the service area, and any groups that are vulnerable to human trafficking. Applicants should identify any relevant underserved communities in their geographic area using data to support (e.g., community data, Census data, client data, etc.).
4. Demonstrate sustained victim services rates/caseloads/expenses that align with the requested level of funding.
5. Describe current efforts to address the service needs of trafficking survivors in the geographic area, including programs funded through OVC, the Department of Health and Human Services (HHS), the Office on Violence Against Women, or with Victims of Crime Act (VOCA) state victim assistance funds. Explain how the proposed project is not duplicative and targets identified gaps.

b. Project Design and Implementation

The application must provide a clear link between the proposed activities and the need identified in the "Statement of the Problem" section above. This section must:

1. Clearly state the goals and objectives of this project. Goals and objectives must be in alignment with those stated in the Goals, Objectives, Deliverables section of this solicitation.
2. Provide a detailed description of the proposed activities necessary to implement this project and meet the stated goals and objectives.
3. Identify which underserved communities, if any, will be targeted through the proposed project.
4. Identify specific services that will be provided with grant funds (see Appendix A) and describe how and where the services will be provided.
5. Include a timeline that identifies a timeframe for all the tasks and activities to be completed.
6. Link project activities to the requirements of this solicitation and justify the logic of the proposed approach.
7. List project partners, as appropriate, to make the project activities effective and sustainable.
8. Describe how the applicant plans to ensure project activities are trauma-informed and protect the safety and confidentiality needs of victims.
9. Describe how the applicant will meet the individualized service needs of victims and support victim-informed decisions and autonomy within the delivery of services.
10. Describe how the applicant will coordinate with other OVC and federally and state-funded anti-trafficking programs to meet the comprehensive needs of trafficking victims.

If the applicant is seeking priority consideration for Priority A, it should address in this section how the proposed project(s) will promote racial equity and/or the removal of barriers to access and opportunity, and/or contribute to greater access to services, for communities that have been historically underserved, marginalized, and adversely affected by inequality.

c. Capabilities and Competencies

This section must:

1. Demonstrate the institutional experience and expertise (or have submitted formal agreements with partners with experience and expertise with the application) to effectively implement the requirements of this solicitation.
2. Identify the key individuals and organizations involved in the proposed project.
3. Demonstrate that the individuals and organizations identified have the capacity to address the stated need, including the expertise necessary to provide services to human trafficking victims, and can successfully implement the proposed project activities.
4. Describe specific roles and responsibilities of all project partners and key staff.

5. Demonstrate that project staff have appropriate training and experience to implement project activities as described in the proposal, including the knowledge and expertise necessary to implement culturally responsive projects with the identified underserved communities, and document plans and position descriptions for staff to be hired.
6. Demonstrate the capacity and expertise of the lead applicant and all project partners to serve victims of human trafficking.
7. Clearly describe who will implement activities as described in the Project Design and Implementation section.
8. Describe their experience managing federal grants that support services to crime victims and document their administrative and financial capacity to manage federal grants. If the applicant has other grants for providing services to victims of human trafficking, the applicant must describe the scope of each of these grants and describe how activities and data collection on these projects will be tracked separately to avoid duplication.

If the applicant is seeking priority consideration under Priority B, it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 30% of the project budget) will enhance its ability to implement the proposed project(s) and should also specify which culturally specific populations are intended or expected to be served or have their needs addressed under the proposed project(s).

d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

This section must include the following information:

1. A plan for collecting all the performance measures data required by this solicitation.
2. A description of the qualifications of key staff who will be responsible for collecting data and reporting performance measures in JustGrants.

Note: Applicants are **not** required to submit performance data with the application. Rather, performance measure information is included as an alert that successful applicants will be required to submit performance data as part of each award's reporting requirements.

OJP will require each successful applicant to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

To determine performance measure requirements for this solicitation, use the "Human Trafficking Performance Measures Map with Question Sets by Solicitation" document at <https://ovc.ojp.gov/funding/performance-measures/human-trafficking>. Locate the solicitation title and fiscal year to see assigned performance measure question sets. Examples of the performance measure questionnaires and related question sets, along with other reporting resources, can be found in the drop-down menu for victim service provider, task force, or training and technical assistance grantees.

OVC will require award recipients to submit performance measure data and performance reports in JustGrants. OVC will provide further guidance on the post-award submission process, if selected for award.

Grantees will consult with OVC's training and technical assistance providers, including the OVC Human Trafficking Collective, regarding available content to inform training funded under this solicitation.

To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline.

Experiencing Unforeseen Technical Issues

An applicant that experiences unforeseen SAM.gov, Grants.gov, or JustGrants technical issues beyond its control that prevent application submission by the deadline, must demonstrate all efforts in requesting technical support in order to submit an application by the deadline. Technical support is available via phone and email to the applicable SAM.gov, Grants.gov, or JustGrants support centers or service desks in which an applicant received a ticket number for resolution. If an applicant misses a deadline due to unforeseen technical difficulties, the applicant may request a waiver to submit an application after the deadline. *Note: If an applicant does not submit all the required Grants.gov forms by the Grants.gov deadline, the applicant will not be able to proceed to the JustGrants portion of the application process.*

An applicant experiencing technical difficulties with the following systems must contact the associated support desk indicated below to report the technical issue and receive a tracking number:

- Grants.gov - contact the [Grants.gov Customer Support Hotline](#)

An applicant requesting a waiver to submit a late application must document their request for technical assistance in an email to the OJP Response Center at grants@ncjrs.gov **within 24 hours after the application deadline** to request approval to submit its application after the deadline. If an applicant has technical issues with Grants.gov, the applicant must contact the OJP Response Center within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. Waiver requests to submit after the submission deadline must:

- Describe the technical difficulties experienced;

- Include an attachment(s) of the complete grant application and all required documentation and material; and
- Include the applicant's Unique Entity Identifier (UEI), any applicable SAM.gov tracking number(s), and Grants.gov Help Desk and JustGrants Support Desk Ticket Numbers.

OJP will review each request for late submission and required supporting documentation and notify the applicant whether the request has been approved or denied. For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [OJP Grant Application Resource Guide](#)

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Statement of the Problem (20%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (30%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (25%) - evaluate the administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (5%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).
6. Letters of Support, Letters of Intent, and MOUs from project partners (10%).

Other Review Criteria/Factors

Other important considerations for OVC include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned), available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.
