▲ SAM.gov Entity Validation Update [↗](#)

GSA implemented a new process to validate an entity's legal business name and physical address when requesting a Unique Entity Identifier (UEI) and for completing a SAM.gov entity registration. Due to a high volume of requests, entity validations are taking longer than expected to process. This validation process is now taking 7-10 business days, and in some cases longer.

OJP strongly recommends **starting your SAM.gov registration process as soon as possible** to allow the time necessary to process entity validations well in advance of the Grants.gov due date posted in the solicitation. Read [this FAQ](#) for more information.

When available, OVC funding opportunities will be listed on this page.

Program Description

OVC seeks proposals to fund a pass-through model in which a trauma-informed, survivor-connected technical assistance (TA) provider will provide TA, training, and subgrant funding for at least 10 subgrant sites.

The sites will be identified through a request for proposals issued by the TA provider selected under this solicitation and funded at \$50,000–\$100,000 each. The selected TA provider will assist and support communities across the country with establishing peer-to-peer support for crime survivors and provide capacity building technical assistance for subgrantees.

Helping Crime Survivors Find Their Justice

Peer Support

The concept of peer support is based on the belief that people who have faced, endured, and overcome adversity can offer useful support, encouragement, hope, and mentorship to others facing similar situations.

- Research on peer-led group-based sexual assault interventions revealed that they have a positive impact on participants' psychological, physical, and interpersonal well-being.
- Peer support can be independent peer-run programs, self-help and mutual support groups, or services delivered by peers working within issue-based organizations.
- Peer support has a deep historical foundation in communities of color and other marginalized communities—communities, which had to help themselves because of the barriers they faced to accessing systems or receiving adequate attention or care.

Program Details

The selected TA provider will:

- undertake the development of a competitive program to provide “subgrants” to 10 communities.
- assist and support communities across the country with establishing or expanding peer-to-peer support for crime survivors.
 - Pass-through funds may be used to support new or existing support groups for survivors of all types of crime and to pilot test innovative or demonstrated support mechanisms for victims and survivors of specific types of crime (e.g., homicide, robbery, gun violence, mass violence, carjacking, hate crimes, etc.).
- include technical assistance and capacity-building support.
- demonstrate that they are prepared and able to partner with other organizations.
- conduct evaluation activities.

Helping Crime Survivors Find Their Justice

Goals

The purpose of this grant program is to create or expand peer support programs that are culturally and linguistically tailored to meet the unique needs of the target survivor populations, especially for survivors of those crimes for which existing support does not currently meet their needs. Specific goals include:

- Identifying innovative, or non-traditional programs specifically designed for the communities or populations to be served, which may lead to replicable models in other communities.
- Building the knowledge about, and community capacity to provide, peer-to-peer support options for victims of all types of crime.

Objectives

- Provide technical assistance, training, and capacity building to support a minimum of 10 community sites that will create or expand peer-to-peer support programs to meet the individual needs of victims and survivors of crimes.
- Conduct program evaluation activities to improve implementation and understand the potential impact of peer-to-peer support for victims and survivors of crime.

Deliverables

The successful applicants will produce the following deliverables:

- A competitive subgrant program to include a minimum of 10 community sites via widely available Request for Proposals.
- Technical assistance and training to subgrantee entities to build capacity in using federal funds and aid in establishing/expanding trauma-informed peer-to-peer survivor support programs to provide greater access to or enhance the quality of assistance and services to more victims of crime.
- A contractual agreement with an individual or an entity to provide program evaluation activities.
- A final report that documents the development strategy, the implementation process, and the impact/results/outcome of the program.

OJP Priority Areas

- Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*
 - Applications that include project(s) that will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.
 - Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because the applicant (or at least one proposed subrecipient that will receive at least 40% of the requested award funding, as demonstrated in the Budget Web-Based Form) identifies as a culturally specific organization.
- Receiving priority consideration for one or more priority areas does not guarantee an award.
- For additional information, please see the solicitation.

Additional Documents to Apply

DOJ Application Submission Checklist

Submitting an application to DOJ is a two-part process. An applicant first submits an abbreviated application in Grants.gov. The full application is then completed in JustGrants, DOJ's grants management system. The following steps and tips will assist potential applicants in completing DOJ applications.

Step 1: Confirm your Entity's System for Award Management (SAM) registration information:

- Register with SAM or confirm that your SAM registration is active and up-to-date. You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. **Registration and renewal can take up to 10 business days to complete.**
- On April 4, 2022, the federal government will stop using Data Universal Numbering System (DUNS) numbers and start using the **new SAM Unique Entity Identifier (UEI)**.
- Entities new to JustGrants: Confirm that the contact information (email address) for your Entity's Electronic Business Point-of-Contact (E-Biz POC) in SAM is accurate and up-to-date. The E-Biz POC is onboarded in JustGrants as the Entity's first Entity Administrator and will receive notifications from JustGrants. The Entity Administrator is responsible for completing Entity User onboarding in JustGrants. Once the Entity Administrator is onboarded, that role can be reassigned to another Entity User.
- Technical issues with SAM registration or renewal must be reported to the **SAM Help Desk (Federal Service Desk)**.

Step 2: Apply in Grants.gov:

- Effective February 21, 2022, all Grants.gov users and applicants will need to use **Login.gov credentials**.
- Search for an open DOJ funding opportunity in Grants.gov or on the agency website and review the solicitation requirements.
- Complete and submit the required documents in Grants.gov at least 48-72 hours prior to the Grants.gov deadline to allow for time to correct any problems or errors. The Grants.gov portion of your application includes the SF-424 and SF-LLL. (Note: The user and email identified in Section 8.F of the SF-424 will be identified as the Application Submitter in JustGrants and will receive future notifications from JustGrants.)
