ANNUAL QUESTIONS

Grantee Annually Reported Questions	
Question/Option	Count
Were any administrative and training funds used during the reporting period?	
Yes	1
No	0
Did the administrative funds support any education activities during the reporting period?	
Yes	0
No	1
Number of requests received for education activities during the reporting period.	0
Number of people trained or attending education events during the reporting period.	0
Number of events conducted during the reporting period.	0
Did the grant support any coordination activities (e.g., with other service providers, law enforcement agencies) during the reporting period?	
Yes	0
No	1
Describe any program or educational materials developed during the reporting period.	
N/A	
Describe any planning or training events held during the reporting period.	
A webinar was held this reporting period for recipients of victim assistance funds to learn more about the victim compensation program. The intended result was to better educate advocates and others who provide victim assistance to ensure they are better able to assist crime victims. There were approximately 175 attendees who provide services to victims.	
Describe any program policies changed during the reporting period.	
N/A	
Describe any earned media coverage events/episodes during the reporting period.	
N/A	
Describe any coordinated responses/services for assisting crime victims during the reporting period.	
A webinar was held this reporting period for recipients of victim assistance funds to learn more about the victim compensation program. The intended result was to better educate advocates and others who provide victim assistance to ensure they are better able to assist crime victims. There were approximately 175 attendees who provide services to victims.	
Please discuss the major issues in your state that either assist or prevent victims from receiving assistance during the reporting period.	
The most common reported issue in preventing victims from receiving services is staffing issues at the victim services agencies. Agencies have struggled to hire and retain staff as they are having difficulty competing with salary and benefits offered from other employers. In addition, agencies that rely heavily on volunteers such as CASA programs have had difficulty recruiting volunteers since COVID. As COIVD hit many agencies altered the form in which they provided services which include mobile and tele services. These formats have continued which have enabled crime victims the opportunity they may not have had before due to lack of transportation, childcare and other factors.	
Please describe ways that your agency promoted the coordination of public and private efforts within the community to help crime victims during the reporting period.	
Our media campaign that we engaged in the year before extended to the beginning of this period. This provided awareness to crime victims of resources available including victim compensation.	
Please describe any notable activities at the grantee level during the reporting period that improved delivery of victim services.	
The State Sexual Assault Coalition was able to certify three additional providers of sexual assault victims as Rape Crisis Centers. This enables more victims of sexual assault to receive services closer to their home county.	
Please discuss each priority (i.e., child abuse, domestic assault, sexual assault, and underserved) in which VOCA funds have been used to assist crime victims during the reporting period	

Office for Victims of Crime - Performance Measurement Tool (PMT)

Child Abuse- During this past year, VOCA funds assisted 30 CASA programs and 25 Child Advocacy Centers (CAC) in Indiana who provide services to child abuse victims. These funds assisted in the personnel costs for volunteer coordinators, GAL attorneys, forensic interviews and advocacy staff. In addition, many agencies receive a prorated portion of operating costs and program supplies. Domestic Violence- VOCA funds assisted 29 domestic violence shelters and 25 non-residential domestic violence service providers in Indiana who provide services to domestic violence victims. These funds were used to support the expense of the direct care staff at these agencies in addition to prorated portion of operating costs and program supplies. Sexual Assault- VOCA funds assisted many dual service agencies (domestic violence), CAC and several sexual assaults specific services providers in addition to eight (8) SANE (sexual assault nurse examiners) programs. In addition, Indiana has 13 certified Rape Crisis Centers and all of them receive VOCA funding. Underserved- Many programs that are funded by VOCA serve the underserved victimization types but these are heavily serviced by the 48 Prosecutor Offices and the 12 Law Enforcement units that have victim assistance staff that is funded by VOCA. In addition to the agency types already listed VOCA funds agencies that provides services to victims in all priority areas. These agency types include legal services and counseling programs.

Please briefly describe efforts taken to serve Victims of Federal crime during the reporting period.

N/A

Please identify any emerging issues or notable trends affecting crime victim services in your state during the reporting period.

Crime victims often need a variety of services due to mental health, addiction, civil legal issues and injuries. Many agencies continue to struggle with maintaining staff and this has limited the services available to crime victims including therapy, legal services, SANE exams and advocacy.

Please briefly outline any staffing retention issues that your victim assistance program has and why these issues may occur during the reporting period.

Agencies have struggled to hire and retain staff as they are having difficulty competing with salary and benefits offered from other employers.

Please explain your state process to publicize its victim assistance funding for services to victims of crime during the reporting period.

Our funding opportunities are publicized through the State listserv, on our agency website and sent out to active subgrantees through our grant management system.

Please explain how your state is able to direct funding to new/underserved populations during the reporting period.

This period we funded two new applicants that provide services to underserved populations. We funded an agency that provides services to trafficked children and to BIPOC agency that provides services to the Hispanic population.

Please explain how your program is able to respond to gaps in services during the reporting period.

With ARPA funds received we have supported services providers efforts to provide to gaps in services. These include lack of transportation to receive services- bus passes and gas cards have been funded, housing-emergency hotel stays and start up rent has been provided, legal/therapy- funds have been provided to contract with attorneys and therapist.

Please list and explain any outcome measure(s) that are reported to the governor, legislature, or other state entity during the reporting period.

N/A
