

COMMEMORATIVE CALENDAR

Throughout the year, communities gather to hold events that honor and support victims. These events are an important step toward raising awareness of victims' rights. Build on your NCVRW outreach throughout the year by highlighting relevant awareness events in your community.

The following calendar cites organizations that provide resources to support commemorative activities, but they are not always the sole sponsor of the awareness events. Use the commemorative calendar to think strategically about how you and your partners can support awareness events. Whether for one day or an entire month, these public recognitions are powerful tools for honoring the work of those in the victim services field and raising awareness.

OVC publishes a continually updated [list of national, state, and local victim-related events](#). Browse this free tool periodically to learn about additional awareness events as dates are finalized and see what communities across the country are doing. We encourage you to add your own NCVRW meetings, ceremonies, and forums, as well as other victim-related events and training opportunities throughout the year.
