## NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**  
The number of applications during FY2021 has decreased compared to FY2020. The decrease can be attributed to the general decrease in violent crimes in the District. Despite the overall decrease in violent crimes, the number of homicides in the District remains high. Also, the decrease in applications received during FY2021 may have been an effect of Court building closures due to COVID-19. The CVCP Office coordinated with other victim advocacy programs to assist victims with submitting applications electronically.

4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**  
The District of Columbia has an ongoing issue of insufficient housing resources for homeless residents. A number of our victims are victimized while living on streets. Due to Covid-19, the program temporarily increased emergency housing and food limits to aid victims; the increase in funding ended a few weeks into the start of the FY2021 which impacted our ability to continue to provide services at the increase level.
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**  
The program maintains regular contact with the US Attorney s Office, which prosecutes federal crimes. Many federal crimes are not included in the list of eligible crimes for the program (e.g. human trafficking, financial crimes, etc.). The program may use related crimes to assist victims of federal crimes (e.g. sexual assault for victims of human trafficking, child abuse for victims of child pornography, etc.). The CVCP transitioned from primarily a virtual operation to office operations during business hours 5 days per week.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**  
The program continues to maintain and improve communication and collaboration with the District s government agencies and various victim services providers to coordinate victim compensation. The key contacts also have representatives on the CVC Advisory Commission

10. **Please explain any public outreach efforts to improve awareness of your program.**

The program assists victims of one city (District of Columbia), instead of a state with many counties or municipalities. Thus, most of services providers (e.g. hospitals, funeral homes) are aware of the benefits provided by the program. The program also engages in regular contact with victim services organizations (e.g. DC SAFE, Network for Victims Recovery DC, Ayuda, etc.) to coordinate assistance to victims. Finally, CVCP staff members are required to provide outreach during the performance year.
