## NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**  
No significant change.
2. **The average length of time to process an application for claim eligibility for compensation**  
Count days from time of receipt of application to decision. 566  
  
Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. Applications are assigned a claim number when submitted. They are entered into the claims management system and assigned to a specialist. The specialist collects supporting documentation and writes a summary of the facts and circumstance of the claim. The specialist makes a recommended decision. The summary and recommendation are reviewed by a claims manager. After manager determines the summary and recommendation are consistent with law, rules, and policy the claim is forwarded to the Executive Director for final decision. If a claimant is dissatisfied with a decision, they have 30 days to appeal the decision to the three-member Commission for a contested case hearing.
3. **Does your state have a victim satisfaction survey?**  
No
4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**  
ACVCC is dealing with long-term significant decline in revenues from court fines & fees. This has led to reduction in claims paid resulting in reduced VOCA grants. The decline has also led to reduced staffing which has resulted in a historic backlog of claims.
5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**  
ACVCC does not differentiate between federal or state victims of violent crimes. We strive to maintain cordial, productive working relationships with both Federal and State agencies.
6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**  
ACVCC streamlined application to create a two page format. Updated Admin code to facilitate process for victims. ACVCC lobbied/educated the State Legislature regarding the funding crisis. We received general funds for FY24. We have increased staffing and reorganized the process to facilitate processing. We have divided staff into two teams, one to maintain current claims and the other to address the backlogged claims. Have added additional retired employees to focus on backlogged claims.
7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**  
ACVCC did not use any VOCA funds for administrative expenses.
8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**  
ACVCC changed three administrative code rules which simplified processing and in some cases increased the benefit paid. 1) removed outdated language and revised public records request 2) removed requirement for affidavits in homicide and child victim applications 3) removed the 20% reduction for income tax when calculating lost wages
9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**  
ACVCC has worked to build relationships with all entities and promote our agency and the benefits we provide. Staff has conducted trainings, attended professional conferences, participated in task forces and presented to community advocacy organizations to educate and develop ways to better serve victims in Alabama.
10. **Please explain any public outreach efforts to improve awareness of your program.**  
Staff has conducted trainings, attended professional conferences, participated in task forces and presented to community advocacy organizations.
11. **Please list any other outcome measure(s) that are reported to the governor, legislature, or other state entity that have not been reported in this submission. Provide the actual measure(s). The data may be reported separately in your progress report.**

ACVCC reports three metrics to the Budget Office each quarter to measure productivity - total claims processed for the quarter, average claims per specialist and the number of attendees at training/outreach events for the quarter. ACVCC showed consistent improvement across the four quarters of FY2023.

12. **Please provide any additional comments that are helpful to improving the Victim Compensation state and/or federal program.**

As states struggle with decreasing sources of state revenue it would be helpful for the VOCA funds available for administrative costs to increase to 15%.
