NARRATIVE QUESTIONS

1. **Please explain any significant change in the number of applications received during the reporting period.**

   During this period, the program experienced staffing turnovers and at times had no administrative staff to input applications. Our decreased numbers from this quarter are a direct result of gaps in personnel.

2. **The average length of time to process an application for claim eligibility for compensation**

   Count days from time of receipt of application to decision. 165

   Please explain your state's procedure for processing an application for claim eligibility, from time of receipt of application to decision. 1) New applications are received and logged into a database by an administrative assistant. 2) The application is then checked to ensure it is complete and entered fully into the database. Typically within 30 days. 3) Once the application is entered, the administrative assistant requests documents from LE/PE. Once those items are received, the application is marked as 'pending' and awaits eligibility determination by case managers. 4) Case managers review the application, and reports to determine eligibility. This goal is for this to occur within 30 days of the file being pended. 5) Once eligibility is determined then the claimant is notified.

3. **Does your state have a victim satisfaction survey?**

   No

4. **Please describe any emerging/major issues or notable trends that were encountered in your state that had an impact on your program's ability to meet the needs of crime victims during the reporting period.**

   This quarter staffing turnover was our biggest obstacle.

5. **Please describe in detail efforts taken to serve Victims of Federal Crime during the reporting period.**

   The program is continuously trying to find new ways to serve victims. Despite staff turnover, our outreach goals were unchanged. It is important to remain at the forefront of mind with our stakeholders and community partners.

6. **Please describe any notable activities during the reporting period that improved the process of victim compensation services.**

   The program adjusted internal processes within the Administrative Assistant positions. The program will now have two persons entering applications instead of one. We hope this will decrease days that an application is waiting review for eligibility determination.

7. **Please describe in detail ways in which your state used VOCA Administrative funds and the impact of these funds on the state's ability to improve victim compensation services during the reporting period.**

   The program does not use any grant funding for administrative needs.

8. **Were there any laws, initiatives, or policy changes in your state regarding victim compensation during the reporting period? If yes, please briefly describe them and their impact.**

   The Administrative Rules for the program were opened for review and adjustments will be presented during the next legislative session.

9. **Please describe system-coordination efforts with prosecutors, law enforcement, courts, U.S. attorneys' offices, tribal systems, State VOCA Victim Assistance Coordinator, or other key personnel within the criminal justice system in your state to reduce barriers to victims who may apply to receive victim compensation.**

   The program has close connections with the VOCA Victim Assistance Coordinator and SANE/SART Coordinator. Each staff also has connectivity with prosecutors, law enforcement, courts, FBI, U.S. attorneys offices, and tribal systems. This connectivity is to request documentation and discuss cases that may need CVCP assistance.

10. **Please explain any public outreach efforts to improve awareness of your program.**

    The program has a formal outreach plan which is updated annually. The program also just implemented a program awareness team. The team will assist the bureau chief in finding new audiences and partners.

11. **Please list any other outcome measure(s) that are reported to the governor, legislature, or other state entity that have not been reported in this submission. Provide the actual measure(s). The data may be reported separately in your progress report.**

    Quarterly the program reports on sexual assault exam expenditures to the State's Legislative Services Office. In accordance with the statute, the program must spend $50k from Federal Funds to cover Sexual Assault Forensic Examinations before we can dip into our appropriation. This report shows what has been spent per quarter.

12.   **Please provide any additional comments that are helpful to improving the Victim Compensation state and/or federal program.**
